Product colour: White
Net weight: 204g
Gross weight: 283g
Sanitizer Capacity: 350ML
Product size: 194 x 73 x 102mm
Box packaging: 204 x 105 x 80mm

LED Guide

Status	LED Light
Power on	Blue LED Flash
Power off	Red LED Flash
Low battery	Blue & Red LED Flash

If the dispenser has no power, it will automatically shut down and can not be used. Please replace the batteries to power the system.

Usage

- 1 Remove the top of the dispenser and fill the tank with One Protection Hand Sanitizer Solution. Replace top.
- 2 Install 4x AA batteries with +/- directions as shown inside the compartment.
- 3 Touch the power sensor on top of the dispenser. A blue LED light should flash.
- 4 Place your hand about 5cm under the dispenser to trigger the spray. Rub your hands together making sure to cover your fingers, palm, wrist and the back of your hand.

Warning

- 1 This product was designed to use One Protection Hand Sanitizer Solution only. The use of other sanitizers may damage the product.
- 2 To prevent damage, please do not attempt to modify, disassemble or repair the product.
- 3 Please keep the dispenser away from direct sunlight, fire, sparks, heat, water, and other high voltage devices.
- 4 Avoid dropping, hitting, crushing or immersing the product.
- 5 The product is not water proof, do not wash with water.
- 6 Please empty the liquid and take out the batteries if the machine is not going to be in use for more than 3 weeks.
- 7 To avoid leaking while transporting, please make sure the system is upright or the sanitizer tank is empty.
- 8 When the dispenser is close to being empty, we recommend turning the device off and refilling.

Warning

For external use only. Highly flammable liquid and vapour due to high levels of alcohol. Keep away from heat, sparks, open flame and other ignition sources. Avoid contact with eyes. In case of contact, rinse thoroughly with water and seek medical advice if irritation persists. Do not use on broken skin or open wounds.

- Avoid freezing and heat above 40°C
- Keep out of reach of children unless supervised by an adult
- Store between 15-30°C

Filling and Attaching Tank

Guide

- 1 We recommend turning the dispenser off before refilling the tank with sanitizer.
- 2 Hold the top of the dispenser with one hand and the bottom of the tank with the other hand.
- 3 Turn the top of the dispenser anti-clockwise 90°. The two halves should now separate.
- 4 Using the supplied funnel, pour the supplied sanitizer solution into the tank.
- 5 Once filled, place the dispenser top back onto the bottom tank and turn clockwise.

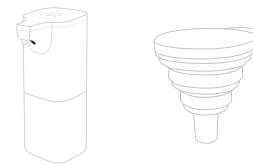

Installing Batteries

Guide

- 1 Use a coin, finger nail or other object to open the battery compartment cover on the back of the dispenser.
- 2 Install 4x AA batteries with +/- directions as shown inside the compartment.
- 3 Align the holes on the battery cover to the dispenser, and lightly push on to secure.
- 4 Check the device is powered by touching the power sensor on top. A blue LED should light up.

What's included

x1 Dispenser

x1 Funnel
